SOFTBALL BC 2011 GIRLS MIDGET C PROVINCIAL CHAMPIONSHIP Skills Competition

The skills competition will occur on Friday night at 6:15 pm at McCartney Park. **Please complete the following form and bring it to the competition.** Players are only allowed to participate in one event in order to give more players the opportunity to participate.

Team: _____ **District:** _____

Throwing Relay (4 players)

One player will be positioned at each of the following positions: right field (behind the 150 ft. marker), cut off position, 3rd base and home. The team's coach will be positioned at first base. The coach will throw the first ball to the right fielder to simulate a pop fly. The right fielder will catch the ball and throw to the cut-off, who will throw to 3rd base. She will tag 3rd base and throw home. When the player at home puts the ball on home plate the coach will throw the second "pop fly" (the clock will continue to run). The second ball is thrown from RF to the cutoff to 3rd and home like the first time. Time starts when the coach throws the first ball and ends when the player at home places the second ball on home plate. There will be a 5 second penalty added if the coach throws the second ball before the player places the ball on home plate. The team with the fastest time wins.

Player 1: _____ Player 3: _____

Player 2: _____ Player 4: _____

Base Running Relay (4 players)

Two players are positioned at home and two players are at 2nd base. The first runner starts at home holding a ball and runs to 1st base then onto 2nd base where she hands off the ball to the first runner at second. This runner then runs to 3rd base and then home and hands the ball to the second runner at home. The third runner runs to 1st then 2nd base and hands the ball to the final runner who runs to 3rd and then home. Time is stopped when the final runner touches home base.

Player 1: _____ Player 3: _____

Player 2: _____ Player 4: _____

Longest Throw (1 player)

One player from each team will stand at home plate and throw the ball to centre field. Each player will have 3 chances to throw the ball the farthest. The farthest single throw will win.

Player 1: _____

Fastest Pitch (1 player)

One pitcher from each team will have her pitching speed clocked by radar gun. Each player will have one warm up pitch, followed by three pitches clocked. The fastest single pitch will win. We will supply the catcher.

Player 1: _____

Home Run Contest (1 player)

The balls will be pitched by the player's coach (or a parent from her team). The coach must pitch from a minimum distance of 20 ft. Pitch does not have to be a windmill pitch. Points will be earned based on where the ball first touches the grass (1, 3, 5 pts) or if the ball goes over the fence (10

pts). No points will be awarded for balls that land in the dirt infield or in foul territory. Player with the most points wins.

Player 1: _____
